## Hi! I'm a website designer & developer

I'm a professional web designer and developer with 9+ years of experience helping clients build, optimize, and manage their full online presence. I deliver complete website solutions, marketing, and automation remotely or hybrid for contract or long-term work.

### Education

2016 – Present

#### Training & Development

Self based education through experience

- ◆ Completed Wix Studio courses in design, code, CMS, advanced integrations and functionality.
- ◆ Self-taught design platforms including Figma, Adobe Photoshop, Illustrator, and After Effects.
- ◆ Skilled in SEO, performance, and accessibility to create fast, user-friendly, high-performing websites.
- ◆ Experienced in online marketing, email campaigns, social media management, and advertising.

### Experience

2016 – Present

#### Rocket Web Labs

Owner | Vancouver, BC - Victoria, BC

- ◆ Created award-winning websites focused on performance, UX, and client objectives.
- ◆ Built custom web apps, MLS integrations, AI chatbots, automated backend systems, and a template marketplace.
- ◆ Developed branding and creative marketing assets, email campaigns, and social media content.
- ◆ Globally recognized Wix Partner, featured at events, and contracted by clients for ongoing projects.
